

In order to emphasize the process of writing and the subjectivity of judgement when it comes to assessment, *all three writing projects must be submitted with the following:*

- (1) (30%) Revision Reflection, P/F (approx. 300-500 words) that addresses the following:
 - (a) What was your writing process for this project?
 - (b) How did you engage with feedback from your peers and instructors? Please cite specific examples of feedback and explain your choice to listen/not to what was shared.
 - (c) Explain the decisions you made as you (re)drafted this project.
- (2) (30%) Self Evaluation, P/F (approx. 300-500 words) that addresses the following:
 - (a) What did you work on this essay? What were your goals?
 - (b) How did you approach this goal? Did you achieve it? Why/not?
 - (c) What did you learn in writing this project that you want to bring into future writing work?

The remaining 40% of your grade will be derived from the rubric I create based on the assignment and standards of academic english (at end of document).
